

Want to Improve Your Lab's Quality, Versatility and Productivity?

Upgrade to Autostainer Link 48 or Autostainer Link 48 Certified Pre-Owned*

Enjoy the same flexibility that you appreciate with your current instrument along with a host of additional newer features that will help you stay ahead of the changing needs in IHC:

Agilent
Dako

High quality

- The DakoLink software's robust tracking and reporting support your accreditation needs and ensure that slides are always stained according to request and matching patient cases
- Pre-validated staining protocols optimized with Dako ready-to-use reagents ensure consistent staining results

Maximum versatility

- The fully open system and protocols allow you to introduce and customize assays as you choose for maximum flexibility
- An expanding portfolio of advanced companion diagnostic products, including HercepTest™, PD-L1 IHC 22C3 pharmDx and PD-L1 IHC 28-8 pharmDx
- More than 200 high-quality Dako antibodies for diagnostic use, either as FLEX Ready-to-Use or as concentrates
- Choose your preferred visualization option: EnVision FLEX or EnVision FLEX+ system

High productivity

- Shorten the time to diagnosis by processing a full batch of 48 slides in less than 3 hours or accommodate a patient-case workflow by staining as many as 24 slides in less than 2 hours
- When processing slides in parallel, using one Autostainer Link 48 and one PT Link, process as many as 144 slides in just 24 hours

Exclusive deal for Autostainer customers

Contact us now and receive a special offer for Autostainer Link 48 or Autostainer Link 48 Certified Pre-Owned.
